Dr. Michael Salmony
Chief Executive Officer, Founder and Consultant at Payments Innovation Consulting

Dear Dr. Salmony,

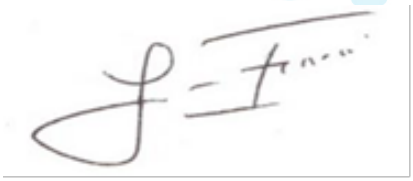
On behalf of the Executive Committee of the Global Forum @ Casa de Campo, we wish to convey to you our sincere gratitude for participating at the NextGen Santo Domingo Masterclass and taking part as a panelist in our third conference, The Future of Money.

We want to commend you on the excellent participation, which was very well received by the audience. A number of the attendees commented on how your presentation was exceptionally interesting and offered compelling information and arguments, based on your vast knowledge and experience, and that it was a unique addition to our program.

We thank you for helping make the Global Forum @ Casa de Campo, The Future of Money, by participating on the second panel, ***The Next Generation of Banking,*** a sound success.

We look forward to continuing working with you on issues of mutual interest, and this way strengthen ties of collaboration between our institutions.

Best regards,



Leonel Fernández
